

### Key Features

- User selectable dual-speed fans
- Advanced electronic display system
- Liquid bottle probe standard
- Superior Humidity control
- Designed to blend seamlessly within cellar racking
- Quiet operation technology
- 55°F temperature differential
- Oversized coils for high efficiency operation

### Features

WhisperKOOL is proud to introduce the InCellar cooling system. The InCellar provides a whole new way to cool your cellar and control the warm exhaust air. By placing the ENTIRE system in the cellar, cooling operation goes unnoticed in the adjacent space. The In-Cellar offers an industry first top facing exhaust to duct the warm air out of the home or into the attic. Say goodbye to a cooling system blowing warm air and making noise in your hallway or game room.

### Specifications

Model	5000	8000
Cellar Size	T.B.A.	2000 cu. ft.
BTUh w/90° air entering the Condenser Coil	T.B.A.	6206
CFM	T.B.A.	303
Dimensions	T.B.A.	15.25"W x 34.5"H x 16"D
Refrigerant	T.B.A.	R-134a
HP	T.B.A.	1/2
Voltage Rating	T.B.A.	120V
Weight	T.B.A.	131lbs
AMPS (starting/running)	T.B.A.	40/9.5
Drainline	T.B.A.	1/4" I.D.
Installation	Partially Ducted System. Maximum ducted feet: 15'	
Thermostat	Digital Control Display	
Temp. Delta	55°F temperature differential between the cellar temperature and condenser air intake temperature.	
Warranty	2 year parts and labor	

### Optional Accessories

Wooden box cover
